Github: <https://github.com/Lokesh-0009>

PROFESSIONAL SUMMARY

Software Engineering Fresher (B. Tech CSE, 2026) with strong programming fundamentals in C, C++, Java, and Python, and hands-on experience building RESTful APIs with Spring Boot and React.js front-ends. Skilled in Data Structures & Algorithms, OOP, and SQL, with proven project delivery through academic builds and cloud internships. Available to work from office for a fixed internship period.

TECHNICAL SKILLS

Languages: Core Java, Python

Backend: Flask, REST APIs

Frontend: HTML5, CSS3, JavaScript, React.js

Database: MySQL, SQL Queries

Core CS: Data Structures & Algorithms, OOP, SDLC

DevOps Tools: Git, GitHub

PROJECTS

AI Health Risk & Safety Analyzer Python · OCR · NLP · Flask · SQL · REST API | Academic Project (Major)

GitHub: <https://github.com/Lokesh-0009/PrescriptoAI>

- Built a system to digitize and analyze medical prescriptions using OCR and NLP techniques.
- Implemented logic to detect dosage risks and flag unsafe prescriptions based on patient data.
- Designed a REST API backend with SQL database to manage patient records and prescription history.
- Developed a dashboard to display extracted data, alerts, and risk insights for clinical use.

Portfolio Website HTML, CSS, JavaScript | Academic Project(Mini)

- Built and deployed a fully responsive portfolio website to showcase personal projects, technical skills, and professional profile.
- Implemented interactive UI components, tab-based content switching, and animated project showcase sections using JavaScript and CSS.
- Designed clean front-end layouts with responsive web design principles for desktop and mobile compatibility.

INTERNSHIPS

AWS AI-ML Virtual Internship

Jan 2025 – Mar 2025 | Remote

- Worked on AI/ML use cases using AWS tools and prepared technical documentation.
- Gained exposure to cloud-based ML workflows and model usage.
- CERTIFICATE: [AWS AI-ML Certificate](#)

Smart Bridge – Generative AI with IBM Cloud

Jun 2025 – Aug 2025 | Remote

- Implemented features like patient chat, disease prediction, and treatment suggestions.
- Deployed and tested the application on IBM Cloud.
- CERTIFICATE : [SmartBridge-Certificate](#)

EDUCATION

B.Tech – Computer Science & Engineering

Mar 2026 | CGPA: 7.5

Avanthi Institute of Engineering and Technology, Vizianagaram, India

Intermediate (M.P.C) – Sri Aditya Junior College, Rajam

Oct 2022 | 81%

SSC – Z.P.H School , Laxmipuram

May 2020 | 95%

CERTIFICATIONS

Java Programming Certification – NPTEL, IIT Kharagpur | Jan – Apr 2025 Certificate: [Nptel Certificate](#)

Artificial Intelligence & Machine Learning – Smart Bridge | 20-Mar-2026
